BEGUM SAMREEN

Email: samreen.sam1443@gmail.com

Phone: +91 7995469890

Gender: Female Nationality: Indian

Career Objective

Motivated and detail-oriented Computer Science student with a strong academic background and a growing interest in Artificial Intelligence and Machine Learning. Seeking an opportunity to contribute to innovative projects, apply theoretical knowledge to real-world problems, and gain hands-on experience in the field of Al. Possess strong problem-solving abilities, effective communication skills, and a continuous learning mindset.

Education

Bachelor of Technology – Computer Science and Engineering

BITS, Balaji Intuition Technology and Science, 2023 – Present

Current CGPA: 7.75 / 10

Relevant Coursework: Data Structures, Object-Oriented Programming, Operating

Systems, Introduction to AI, Database Management Systems

Senior Secondary (12th) - TMRIES Jr. College, HNK 1

Completed in 2023 | Percentage: 91%

Stream: Science (Physics, Chemistry, Mathematics)

Secondary School (10th) - TMRIES, HNK 1

Completed in 2021 | Percentage: 100%

Technical Skills

- Programming Languages: Python, C, Java (basic)
- Al/ML Tools: NumPy, Pandas, Matplotlib (Currently learning Scikit-learn)
- Web Development: HTML, CSS, JavaScript (Beginner level)
- **Databases:** MySQL (Basics)
- Tools & Platforms: GitHub, Jupyter Notebook, Visual Studio Code
- **Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, DBMS

Academic Projects

- Al Chatbot (In Progress): Developing a basic conversational chatbot using Python to explore concepts in Natural Language Processing.
- **Data Visualization Project:** Used Python libraries such as Pandas and Matplotlib to analyze and visualize structured data.

Certifications

- Introduction to Autonomous Drones TIHAN(Hyderabadh)
- Student Ambassador Program ALCHERINGA (IIT Guwahati)
- Android developer Virtual internship Edu Skills (AICTE, Google for android developers)
- Cyber Security Virtual Internship Edu Skills (AICTE, Paloalto)

-

Strengths

- Strong analytical and problem-solving abilities
- Effective team player with good communication skills
- Quick learner with a proactive approach
- Adaptable to new technologies and environments
- Enthusiastic about AI, automation, and future technologies

Interests

- Artificial Intelligence and Machine Learning
- Traveling and exploring new cultures
- · Technology trends and software development
- Creative writing and photography

Career Goal

To work in a challenging and growth-oriented environment where I can apply my technical skills, gain practical experience, and contribute to the development of innovative AI-driven solutions
